

GROWING TOGETHER

About Us

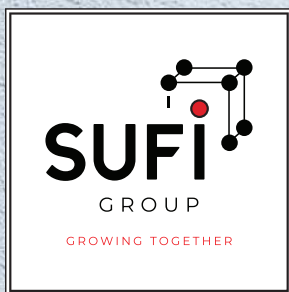

Established in 1988, SUFI Group of companies (Steel House and Sufi Structural Tubes private limited) leads the market in steel imports and exports as local traders & stocks in large quantities of all types of structural steel. SUFI Group with a vast portfolio consists of locally manufactured & imported products ranging from carbon/mild/hot rolled steel & galvanized steel in various grades, dimensions & quality. The company's corporate vision is to be the leading supplier of prime steel materials to the construction engineering industries. We aim at delivering orders without any delays, due to which we lead the supply chain network and can attend to bulk requirements. SUFI GROUP offers a host of services perfected by years of experience and an attitude focused on Innovation, ensuring the delivery of the most comprehensive solution from one supplier.

About our Director

In 1985, Mr. Salleem Maymon saw a potential in the steel business to fulfill his dream. A man of humble beginnings, Mr. Salleem Maymon was hard pressed for finances but his business acumen and undying spirit led him to conceive, initiate and establish STEEL HOUSE in 1988, a small retail trading company dealing in M.S. and H.R. pipes. With lofty ambitions, exceptional entrepreneurial skills, and superlative leadership qualities, his insignificant company grew rapidly over the years and earned respect and a distinct standing amongst stiff competition. A first amongst many, he was a pioneer in introducing many steel products which were unheard of in the local markets back then. He introduced and familiarized his son Sufiyan Memon to the business and taught him the nitty-gritties of the business. When Mr. Salleem Maymon saw his son was competently taking the business forward, he decided to take a back seat. Today, Mr. Sufiyan Memon understands and values the family business and the legacy entrusted to them as they constantly strive to expand and multiply this business many folds.

Our Vision

SUFi GROUP under the current leadership of Sufiyan Memon plan to foray into unchartered domestic and international markets to fulfill the dream and vision held by his father and the company's founder—Mr. Salleem Maymon. Going forward, we seek to differentiate ourselves by maintaining the golden corporate standards of customer-centricity, entrepreneurship, trustworthiness and value-driven business operations. We solicit on expanding our businesses to its full potential by intensifying our outputs innovating ourselves with the constant adaptation of market changes and introducing new and unique products while persistently pushing the envelope of quality standards is our constant endeavor.
